

CBGB – THE GRAPHIC NOVEL

The CBGB graphic novel is a series of short stories told in and around the club. Tales of love, music, heartbreak, confusion, rebellion, and greatness told with the best of the industry's rookie and veteran talent, topped off by a cover from comic book legend Jamie Hernandez (LOVE & ROCKETS). This graphic novel is a snap-shot of a scene and a feeling, a scene and a feeling which is CBGB.
